In some cases, you may also find free books that are not public domain. Not all free books are copyright free. There are other reasons publishers may choose to make a book free, such as for a promotion or because the author/publisher just wants to get the information in front of an audience. Here's how to find free books (both public domain and otherwise) through Google Books.

Frog Dissection Step by Step The insides of a frog represent the general form of a vertebrate, everything is in there, the lungs, heart, stomach, intestines.
