A two-column script is an easy way to structure and plan for your documentary project. Even if you don't know what your interviewees will say or what footage you might shoot, writing a script predicting what you want your final film to look like is a great way to stay organized. Once you do shoot your documentary, you can update your two-column script to reflect what video and audio you ...

Guides: Documentary Video Production: 1. Pre-Production

Documentary filmmaking is a subcategory of film and video production where the production crew creates a work of journalism rather than a fictional movie.. Instead of making up fictional characters and creating a world of make-believe, the documentary filmmaker's job is to document real life and real people by accurately and fairly telling their stories.

An Introduction to Documentary ... - Video Production Tips

In 2010's "Introduction to Documentary," film educator and documentary consultant Bill Nichols distilled the types of documentaries down to six styles. In this article, we will discuss the six styles or modes Nichols wrote about. However, let's first define what a documentary actually is before we get into the types of documentaries.
